JUST THE
BETTER BULBS
and
HARDY PLANTS

1928

MOUNT AIRY
GARDENS

STAMFORD CONN.

FOREWORD

IT is our policy to see that every customer is a satisfied customer, and by growing and producing better bulbs and plants, we know we are fulfilling the greater part of that policy.

If you receive anything from us that is not exactly as you wanted it, **tell us about it quickly** and we will promptly replace it or refund the price paid.

Our greatest publicity comes through our satisfied customers, and we are proud of our publicity.

ROBERT L. WILSON, Prop.

TERMS

Order Early: We earnestly request early orders to enable us to select the choicest stocks and to avoid disappointments. Orders will be shipped at what we consider the proper time, unless instructed otherwise.

Terms: Remittance with order.

Delivery: Our prices include packing and prepayment of forwarding charges—either mail or express—for points east of the Mississippi River.

Come and See Our Tulips in May

We shall have in bloom (with normal growing season) in May, a most interesting collection of DARWIN, BREEDER and COTTAGE TULIPS, which includes some of the newest and rarest gems in these Aristocrats of the Floral World.

Seeing them in bloom is the only way to select those that appeal to your particular fancy. We can take your order while their characteristics are still fresh in your memory and deliver the bulbs in the Fall.

With a low overhead, and the fact that we can have these early orders specially packed for you in Holland, we are prepared to supply the very cream of Holland's Best, at extremely low prices. To those who cannot visit us, we shall be glad to mail a catalogue.

GLADIOLUS

Ever popular; always satisfactory; the Gladiolus is considered by a host of admirers to be the finest of all summer blooming bulbs. Easy to grow, immunity from plant diseases and a bewildering riot of colors account for its great and continued popularity.

JAPANESE IRIS

The Japanese section of the Iris family contributes heavily to the beauty of our gardens, prolonging the feast of bloom until mid-summer. Owing to the confusion that exists in the named varieties and the consequent uncertainty of accuracy we are offering fifteen unnamed varieties in separate colors.

Divisions—50c. and 75c. each.

Clumps (Field Grown)—\$1.00 to \$1.50 each.

PEONIES

Peonies are indispensable for use in the Spring Garden festival. The varieties we offer have been selected with great care and represent the better kinds only.
